

Crochet Pattern for Fingerless Gloves

from Patti Hodge, 2012.

Following is a crochet pattern for some Fingerless Gloves

This is an easy pattern even for beginners.

Abbreviations used in this pattern:

* ch = chain

*ch-1sp = chain-1 space, the space formed when you crocheted a chain stitch in the previous row

* rep= repeat

* sc = single crochet * st = stitch

Fingerless Gloves:

Worsted Weight Yarn 1 and 3/4 oz

Crochet Hook : Start by trying a size K hook, adjust to get correct gauge. Gove size is 7 inches wide and 6 inches tall before finishing. You can adjust size by sub. or adding sts multiples of two.

stitch gauge: Crochet 7-10 rows of the pattern and them measure the width of the piece. Compare that measurement to measurement above.

Pull out a length of yarn measuring about 12 inches. Leave this unworked. you will use it later for stitching the side seams of you fingerless glover together. Make a slip knot,

Chain 23-small, 25 med-27 -lg 29-ex lg

Row 1: place a marker in the first ch from your hook, sc in 3rd ch from hook. (ch 1 skip next ch, sc in next ch.) Rep sequence in brackets across the row, Ch 1 turn..

Row 2 : (sc in the next ch-1 sp, ch 1.) Rep the sequence in the brackets across the row. At the end of the row, work a sc st into the st where you placed the marker: you can remove the marker before working the stitch ch 1 turn.

Rows 3 and up: The rest of the rows are all exactly the same as row 2, with one minor difference: at the end of the row you'll work your last sc st into the turning chain of the previous row. Rep this row until the piece is as long as you want it to be.

Finishing the fingerless gloves: End off, leaving enough yarn for you to stitch the side seams and weave in the remainder so no ends are showing.
